

Akashic Reading of Indian Cricketer M.S. Dhoni

He has been in cricket for more than 18 years. He has been blessed with Lord Hanuman & this is the reason why he is powerful. He was a normal person 20 lifetimes ago when he saw someone paint & he became painter for next 10 lifetimes. Then he saw someone practice yoga & he became yogi for next 8 lifetimes, then he saw someone playing cricket & he became cricketer. He has been happy but it is now that he is not happy because he is not doing work that Divine has given him.

He will play for another 8 years & will be successful, however, he is not happy playing in IPL because he is not in the team where he wants. He has good understanding because Divine has given them this thing. His inspiration is his father who has worked hard. His dream is to become all rounder in cricket. He will come again on earth & will be a cricketer. He will remain in cricket for next 5 lifetimes & then he will choose to be a dancer.
